

Hello,
We are Caroline and Filipa.
We are artists and are looking
forward to being creative
with you.

OUR TIPS:

- ENJOY SLOWLINESS
- MAKE USE OF ORDINARY THINGS
- BE CURIOUS AS YOU PLAY
- MAKE IT YOUR OWN

SPACE FOR MAKING:

- WHAT'S YOUR ART SPACE GOING TO BE THIS TIME?
- WHERE CAN YOU WORK TODAY?
- ARE YOU BACK IN THE SAME PLACE AS LAST TIME?
- HAVE YOU MADE SOMEWHERE NEW?
- IS IT BIGGER OR SMALLER?

Look for Creatures

Start here

Look for **creatures** both **inside** and **outside**.

Find three different **places** to be.

Be there a while and really **notice**.

Each time, notice all the creatures you can **see**.

Combine 3 together.

Take different bits from the portraits and put them together to make up a whole new creature -

the wings of a bird, with the body of a worm...

and....what else?

What imaginary creature have you created? What does it look like?

Do they have a name?

MAKE portraits of the creatures you can see.

DRAW the creature.

REPEAT this three times.

Portraits can be any size you like.

combine
draw
cut
glue

Find them a home. Where do they live?

- In a pocket
- In your bed
- Behind the sofa
- Under the rug or floor.

What can you see?
What can you hear?

You might see:
A **moth** resting

An **ant** crawling

A busy **robin**

Your **teddy bear** sleeping

Your **cat** meowing

Here's another idea for another time:

find a favourite book or movie and create portraits of some of the characters in it.

Now make new characters from those portraits.
